1. Introduction

This report describes the contents of the first version of the public website of MAVEN, at the moment when it is made visible to the public.

1.1. Intended public

As the website is mainly intended to raise awareness about the project itself and the problems related to data management and security in an ever-increasing amount of multimedia files, the objective public are non-specialists, in particular people belonging to the Security and Media sectors. Hence, the language used in the website is non-technical.

1.2. Location of the website

The website is visible from the URL <http://www.maven-project.eu>

The domain is managed by the Project Coordinator.

2. Description of the website

2.1. General organization and sitemap

The website is organized as indicated in the following figure.

Figure 1: site map

The layout of the website is composed of:

- A header, which displays the project title and its logo. The European flag and the “Capacities” logo are also displayed.
- A left navigation bar, displaying the navigation menu.

- A space for the content of each section. The European flag and the “Capacities” logo are displayed again at the bottom of this space.

2.2. Contents of each section

2.2.1. Home

This section contains an introduction to MAVEN, answering the following three questions about the project:

- What is MAVEN?
- Why MAVEN?
- What will MAVEN do?

A screen capture of the home page is shown in Figure 3.
